COMPLETION OF HEINTZ TOYOTA/SCION

As you travel on Highway 14 you have probably noticed a new addition to Mankato's cityscape. In early February Heintz Toyota/Scion officially opened their doors to their new 45,526 SF auto dealership. Designed by I & S Group in conjunction with the strict standards of Toyota Motor Corporation, the building incorporates many of the amenities and services that have always been a cornerstone to the high level of service one can expect when considering their next vehicle purchase with Heintz. Whether it be the convenience of the three drive-up tiled and heated service bays, or the comfortable waiting area complete with fireplace and beverage area, your next visit to Heintz will be an enjoyable one. Robert W. Carlstrom Co., Inc. would like to extend a special thanks to Ben Heintz and the entire staff at Heintz Toyota/Scion as well as I & S Group.

RWC CREW: Kirby Loewen, Doug Baer, Chad Becker, Wade Carrigan, Tim Clabo, Bernie Davey, Roger Davey, Doug Drill, Glenn Eilders, Pete Eustice, Terry Gappa, Jason Gleason, Bob Hawker, Jason Jaskulke, Bruce Johnson, Loren Karels, Mark Lemerond, Tim Leonhardt, Paul Nuytten, Brent Otto, Heath Pickell, Gary Roemhildt, Tony Romero, Jake Romsdahl, Arvin Rustman, Donald Serr, Tim Sexton, Mike Sheldon, Tom Stadick, Mark Stadler, Lowell True, Dan Umhoefer, Bobby Umhoefer, John Weldon, and Jared Wendt

SPIKE'S SAFETY SPOTLIGHT

Congratulations are still in order to all the RWC crews for going three years and ten months with no lost time on our OSHA 300 log for reportable injuries.

As you all are aware, our company Safety Day was postponed but has not been forgotten. We will be scheduling it and will get the date to you soon.

In training news, we held an aerial lift class in June and will be doing another one soon along with a forklift training class. If you're interested, let me or your superintendent know.

In July, we had a 32-hour scaffold training class through the carpenters union in which eight of our employees attended and earned their erectors card. They were Bernie Davey, Arnie Nimps, Bobby Umhoefer, John Weldon, Tom Stadick, Mitch Kalar, Jason Gleason and Jake Romsdahl. It was my first scaffold class teaching solo and it went pretty well. Right now there is a sign up sheet for an OSHA 10-hour class as well as Rigging and Welding. I encourage you to sign up for some of these classes. I will keep you informed with dates as soon as I know them.

Until next time, KEEP THINKING SAFETY!

Al Hagen

Blue Earth County Justice Center

As the Blue Earth County Justice Center project keeps moving forward, RWC has recently completed our concrete package which included footings, cast-in-place walls, and slabs on grade. A special thank you goes out to Paul Nuytten and the RWC crew for not only a job well done, but for keeping close watch on the coordination with the several other trades working simultaneously with us.

RWC CREW: Paul Nuytten, Dale Anthony, Doug Baer, Chad Becker, Wade Carrigan, Tim Clabo, Bernie Davey, Roger Davey, Doug Drill, Matt Drown, Glenn Eilders, Pete Eustice, Scott Fremgord, Terry Gappa, Jason Gleason, Bob Hawker, Stephen Herz, Jason Jaskulke, Bruce Johnson, Jamie Johnson, Mark Lemerond, Tim Leonhardt, Brent Otto, Joe Passante, Heath Pickell, Kyle Ramaker, Gary Roemhildt, Jake Romsdahl, David Ryan, Tim Sexton, Tom Stadick, Mark Stadler, Greg Sunderman, Bobby Umhoefer, Dale Van Stelten, John Weldon and Vic Wendt.

EMPLOYEE NEWS:

... a fond farewell to our dear friend...

Fred Arnoldt

Fred was a superintendent for RWC for over 30 years. Even though Fred retired in 2002, many of his RWC friends still miss his great wit, sense of humor, and kindness. He lost his battle with cancer on Sunday, Sept 21st.

As of June 2, 2008, RWC welcomed Nick Magelee as the company's Chief Financial Officer. Nick comes to us from Eide Bailly LLP where he was an auditor in the construction, manufacturing, non-profit, and governmental areas. Nick is a graduate of Minnesota State University, Mankato with majors in Accounting and Finance. Nick started working at Wolf Etter and Co. in the North Mankato office which became Eide Bailly as a result of a merger. Nick and his wife, Heather, live in Eagle Lake with their two children, Blake and Annika. Nick enjoys playing golf and pool, watching Maverick hockey, and playing with his children.

When asked why he would move from a job he enjoyed in public accounting, he stated that he liked the idea of being part of a great company like RWC and helping the company to grow and succeed. He was also excited about traveling less which will allow more time to spend with his family.

Danny Umhoefer came to work at RWC two years ago, but this past summer he came on board full time as a Project Engineer and has been aiding in estimating and managing some of our projects. Currently, Danny is also working on his degree in Construction Management at MSU, Mankato.

In the small amount of free time that he does have, Danny enjoys hunting, fishing, and watching and playing sports (football, hockey, baseball, golf).

...and yes, Danny's last name is a familiar one as his father, Scott, is President and part owner of RWC, and his brother, Bobby, has been a carpenter with us for a number of years. Other family members of Danny's, including his brother, Ryan, are also involved in the construction industry.

Congratulations to:

John Weldon and his wife on the birth of their baby boy, Kaide William, on June 2nd.
Glen Eilders and his wife, Jane, who were married on July 12th.
